

AUTOMATED RECYCLING CART PLACEMENT GUIDELINES

This summer Canton will institute a new curb-side automated recycling program. Delivery of the new carts will begin the week of June 5. Crews will deliver carts to the end of each resident's driveway - residents do not need to be present to receive the cart.

Carts MUST be placed on your driveway apron and not in the street. They must also be placed on the opposite side of your drive from your refuse, leaving at least 6" around the cart so the mechanical arm on the truck can easily fit around the cart. Hinges and handles should face towards your residence with the lifting bar facing the street.

YES!
